

## Year 12 Coursework Internal Deadlines 2009 - 2010

- The following deadlines are for the current Year 12 IB students (ie. those taking their final examinations in 2011).
- Unless otherwise stated, the following interim deadlines are for this academic year (2009 – 2010) only.
- Whenever necessary students should seek clarification from their subject teacher regarding coursework components and/or deadlines for completion
- Given the nature of some subjects and group progression through the syllabus, preparation for coursework is sometimes described as ‘ongoing’ (again, students should consult with their subject teacher regarding completion dates)

Subject	Component	Details	Completion Date	Weighting
