**CONSIDERATION:**

Please indicate which of the three scheduled times your child will depart from. If you know your child will participate in an after school activity they must be registered for the 17:45 route home. We kindly request you confirm this by **September 25th, 2020** to ensure buses are appropriately allocated and designated according to our students' needs.

**We are unable to allow students to vary their times of departure.** If there is a valid need to request a change to the scheduled time, the notification must be made to the transportation service with sufficient notice.

We aim for a maximum travel time of 45 minutes, aiming to arrive in school between 08:15 and 08:20. The expected return for each of the scheduled afternoon times is 45 minutes. We are unable to assure/compromise with exact timings, due to the nature of the service (congestion, traffic accidents') and due to the number of students using this service.

**Disclaimer**

**Zones will only be covered if sufficient numbers of students subscribe to these services.**
